

Looking for a fresh approach to fund-raising?

MyMarchMadness.net is a unique program that capitalizes on the excitement of the NCAA Men's Basketball Tournament.

Every March the NCAA Men's Basketball Tournament generates a tremendous amount of interest.

MyMarchMadness is more fun than the typical "Office Bracket Poll" because to win prize money you don't have to be an expert in college basketball, don't have to guess a winner, don't have to know the teams in the Tournament, and don't have to pick a "lucky" number.

MyMarchMadness is designed to raise money for non-profit organizations by appealing to those already interested in the NCAA tournament and encouraging others to participate simply by buying a raffle ticket.

Each ticket is printed with teams that are in the Tournament. By combining various teams, we print a limited number of tickets that are individually unique. A point scoring system is used to determine the winning tickets. Your place in the raffle changes as tournament games are played by the teams on your ticket.

- Multiple cash prize amounts are awarded to the winning tickets
- Tickets are valid for the entire Tournament
- Odds of winning are determined by total ticket sales
- Our **MyMarchMadness.net** website hosts your organization's raffle
- Your organization makes money by selling tickets and on-line advertisements.

Our turn-key service provides your organization with:

- Printed tickets in customized envelopes ready to sell
- Customized, printed advertisements
- Instructions for sellers and organizers
- A customized website to track each ticket's point total throughout the tournament
- Customized advertisements for your website
- Administrative features for entering organization-specific ticket owners

MyMarchMadness takes the hassle out of fund-raising & delivers all of these services for a flat-fee of \$1000.

MyMarchMadness is administered by a non-profit Catholic school. All proceeds go towards our School and Athletic Program's budget.

Dear MMM,
March Madness was a big hit at our Parish!
Our Fundraising Committee couldn't have asked for more. The fundraising package supplied by MyMarchMadness made it so easy to manage — between the flyers, posters, tickets, and the custom March Madness web site, the fundraiser practically ran itself. The tickets were easy to sell and the participants had a blast throughout the tournament tracking their progress on the web site. March Madness turned out to be perceived more as "an event" at our parish than "a fundraiser".
Needless to say, this is one fundraiser parishioners will be looking forward to each year.
Tim K.
Saint Philip Neri Parish
